SUBJECT: Proposal from Robert Weinman, Sculptor

1. On 19 November 1986, I received the attached proposal from Mr. Robert Weinman, one of two sculptors being considered by the DCI for a commission to produce a monument to General Donovan.

2. I spoke with Mr. Weinman by telephone on 19-20 November to acknowledge receipt of the proposal and to request an additional price quotation for:

- o preparing the pedestal base for the statue;
- o shipping both the pedestal and the statue from the foundry to CIA Headquarters; and,
- o placing and affixing the statue on the pedestal.

Mr. Weinman quoted an additional price of \$10,000, which includes an inscription on the pedestal if we wish one. Thus, the modified cost proposal is as follows:

\$ 7,800	on contract award;
\$23,400	on approval of the 3-dimensional sketches;
\$23,400	on approval of 1/3-size clay figure; and,
\$23,400	on delivery at CIA Headquarters.
<u>\$78,000</u>	Total Cost

3. The attached proposal, as amended, is forwarded for your review and comments.

Re; Proposed portrait statue  
Wm. J. Donovan (late)

Dear Mr. Casey:

Thank you for the courtesies shown me by yourself and your staff during my visit to your headquarters building on Monday, 5 Nov 86, to discuss the possibility of my creating a bronze portrait statue of the late William J. Donovan for your organization. I propose to do so for the sum of \$68,000.00, in the following manner:

1. To create, at a scale of 1½" = 1' 0", as many three-dimensional sketches as need be to establish the stance and costume which shall best portray the subject, with a limit of ten sketches. If I should fail to create a satisfactory sketch I shall be paid 10% of the contract price and be severed from this project.

2. That sketch of mine of which you approve shall be developed at one-third full size to your satisfaction and approval, cast in plaster and enlarged to full size. This full size model shall be fully developed to a finish which meets with your approval, then cast in plaster suitable for bronze founding.

3. Said bronze cast shall be patined (colored), in a manner fitting to its character and its site, and shall be approved by you, then shipped by me to your headquarters for installation by others.

Should I be awarded this commission I would ask that the contract price be paid me in mutually agreeable installments as my work progresses, say: 10% upon signing a contract, 30% upon approval of a sketch, a further 30% upon approval of the one-third size model, a final 30% payment upon delivery by me of the completed and approved bronze statue to its site.

I trust this information is of use to you, if I can add anything further please feel free to call on me.

Sincerely yours,

Robert A. Weinman

Dear Jim: 11/11/86  
An experienced foundryman estimates the weight of a 7'6" portrait statue to be no more than 700 lbs. - I was 'way over in my guess.

Thank you for your kind and thorough tour of the buildings and fielding my many questions. It is a pleasure to have made your acquaintance. Regards,

*Bob Weinman*
